

STAUER OWNERSHIP

Congratulations on becoming the owner of a Stauer Watch. Your new watch is a fine timepiece and is covered under a 2 "two" year limited manufacturer's warranty. Depending on the model you have chosen, your watch may operate with an automatic mechanical jeweled movement or an electric quartz technology designed to provide its owner with many years of trouble free enjoyment. Your Stauer watch has been created by highly skilled craftspeople utilizing the finest materials to withstand the demands of everyday use. It is shock resistant in accordance with the standards set by the Federal Trade Commission. However, small dust particles and moisture can damage the movement. Do not attempt to open the case yourself. If

the crystal is broken or the stem is lost, replace it immediately. While all Stauer watches are water resistant, they remain protected as long as the crystal, crown, case back and gasket are intact, and are properly closed. Damaged parts should be replaced by a competent watchmaker or by returning the watch to Stauer Watch Repair. Your Stauer watch is warranted to the original consumer for 2 "two" years, for only the watch movement to be free from defects in materials and workmanship under normal use. This warranty excludes the battery (in quartz watches) and wear to the case, strap, or bracelet. Our obligation and options under this warranty are limited solely to repairing the watch or replacing it with the same style or a style of

comparable value, provided you include a check in the specified amount for handling and postage, along with your completed warranty card.

SERVICE

The quartz or mechanical module has been designed and constructed to reduce, to a minimum, the need for service or repair. The only regular care demanded is the replacement of the battery for quartz watch version and cleaning for mechanical modules along with periodic checks for water resistance, as necessary. In the unlikely event that repair is required, the watch should be returned, pursuant to your warranty terms. An accompanying statement, outlining the specific nature of the problem, should be included.

ALL IMPLIED WARRANTIES, INCLUDING THAT OF MERCHANTABILITY, ARE LIMITED TO TWO YEARS.

Stauer is not liable for incidental or consequential damages for failure or malfunction of the product and any recovery, may not be greater than the purchase price for this product. The warranty gives you specific legal rights and you may also have other rights, which may vary from state to state. No person is authorized to change the terms of the warranty.

NOTE: BEFORE RETURNING THE WATCH FOR SERVICE BE SURE THE PROBLEM IS NOT DUE TO BATTERY EXHAUSTION IF YOUR WATCH POSSESSES A QUARTZ MODULE.

PACKING AND MAILING

1. Include a letter with specific information about the problem with your watch. List all of the items you would like to have repaired.
2. Wrap your watch well with packing material for protection against shock, and pack in a sturdy box. Securely fasten the box with tape and include a check or money order for S&H (**see chart on right**) to Stauer Watch Repair.
3. Remember to insure the watch for its replacement value.
4. Stauer is not responsible for damages, lost, or stolen merchandise while in transit.
5. Please allow for 4 to 6 weeks for repair.
6. All returns for repairs should be addressed to:
