

## WATCH DISPLAY

- A - Start/Stop Button
- B - Crown
- C - Seconds Dial
- D - Split/Reset Button
- E - Date Window
- F - Chronograph 1/10 Second Dial
- G - Chronograph Minute Dial

## TIMESETTING

Locate the crown on your Stauer watch (part B) and please note the three crown positions (0-1-2).

### TO SET THE TIME

1. Pull the crown (part B) out to position "2" and rotate it to the desired time.
2. Once the correct time is set, push the crown back into "0" (zero) position.

### TO SET THE DATE

1. Pull the crown (part B) out to position "1" and rotate it clockwise to the desired date.
2. Once the correct date is set, push the crown back into "0" (zero) position.

**NOTE:** The date should not be adjusted between 9:00pm to 12:00am; otherwise, the day may not change properly.

## USING THE CHRONOGRAPH

This chronograph measures and displays time in one second increments up to a maximum of 29 minutes 59 seconds and 59 1/10 seconds.

1. To START the Chronograph press the Start/Stop button (part A).
2. To STOP the Chronograph press the Start/Stop button (part A) again.
3. To RESET (set to zero) the Chronograph press the Split/Reset button (part D).

## CHRONOGRAPH RESET

This procedure should be performed when the chronograph second hand does not return to zero position after the chronograph has been reset and after the battery has been replaced.

1. Pull the crown (part B) out to position 2.
2. Press the Start/Stop button (part A) and the Split/Reset button (part D) simultaneously for two seconds to set the chronograph second hand to the zero position.

The chronograph hand can be advanced rapidly by continuously pressing the Start/Stop button or slowly by intermittently pressing the Start/Stop button.

3. Press the Start/Stop button (part A) to reset the chronograph minute hand to the zero position.

4. Once the hand has been set to zero position, return the crown to the normal position.
